

Hello!

It's time once again to spread the news about our FREE summer bowling program.

My records from last year indicate you preferred to distribute information to your students digitally. **Enclosed is a flier** you can scan and include in virtual backpacks.

**If you prefer hard copies** of this information, please email me. I will personally deliver as many as you need. I am including a few postcards to set out as information in your office.

Thank you for sharing the news about our FREE summer bowling program. **We believe St. Clair and Bel-Air Bowl are valuable partners in the community of businesses and citizens who want Metro East kids to have a safe, active, fun summer.**
